Marathon Runners|Built by Bird

On June 15, 2014, Bird Construction employees from the Winnipeg district participated in the 36th annual Manitoba Marathon. Although the weather was less than desirable with a steady downpour, everyone persevered and finished their race.

Leading the team was district manager, Paul Bergman, who completed his first full marathon proving that commitment is the foundation of personal success. Several employees completed the half marathon including Angie Perras (located in our Nason office), Jessica Lloyd, Emily Robinson and Joanne Mitchell.

Three teams of five runners participated in the relay race. Bird Construction Team 1 consisted of Emily Robinson, John Siwicki, Susan Mazur, Cody Maicher and Mike Peters. Bird Construction Team 2 members were Alyssa Malenchak, Tristin Stothers, Adam Rice, Brock Cornelsen and Dragomir Domuzin. The third team, Bird Construction Team Target was compiled of staff from the Polo Park Target retail store project including Jessica Lloyd, Mark Brzuskiwicz, Robert Balahibo, Tracy Vincent and Kurtis Salamacha.

Congratulations to all of our participants! We hear they are all looking forward to next year's race and are acquiring new recruits.
