## Biscuits to Healthcare

As Originally Seen in the Journal of Commerce [www.joconl.com](http://www.joconl.com) :

The former Christie's Biscuits building, which opened in 1933, in Winnipeg Man. is being converted into a centre to accommodate services for children with special needs.

Bird Construction is the construction manager and foundation contractor.

Prairie Architects Inc. is the base building architect and LEED consultant. Stantec Architects are doing the design for the tenant fit-out.

Ambassador Mechanical Ltd. is the mechanical contractor and McCaine Electric Ltd. is the electrical contractor.
